BCS AI Foundation Award

BUSINESS INNOVATION

BCS Foundation Certificate in Agile

Overview

Discover how an Agile mindset underpins modern ways of working and how organisations use Agile principles to improve collaboration, responsiveness and delivery.

Candidates will gain a holistic appreciation of Agile and be equipped with the core foundations that underpin the Agile mindset and Agile approaches to delivery. They will develop knowledge that can be applied in a variety of situations and support effective working within any Agile team, with a focus on understanding Agile as a broad philosophy rather than one methodology.
