

Free Extra Qualifications

We work closely with employers across England to stay ahead of national skills needs. We use our employer-led insights to complement apprenticeships with enhanced learning to support industry demand. Our aim is to help reduce skills gaps and offer unbeatable value, underpinned by innovative education practice.

Katie Fowler
Director of Education

At LearnTech, we're committed to maximising the impact of every apprenticeship. That's why all our Level 3 to Level 5 programmes now include additional accredited qualifications, at **no extra cost** to employers or apprentices.

The courses are built into the apprenticeship journey, enhancing the apprentice's experience and delivering even more value back to the business. Apprentices gain practical, career boosting skills that align with real world demands, while organisations benefit from a more capable, confident and future-ready team.

Key benefits at a glance

Zero cost

These additional qualifications are included at no additional cost, removing financial barriers for both employers and apprentices.

Enhanced training

Our accredited courses combine hands-on training with technical insight, helping apprentices take on greater responsibility and drive innovation within their teams.

Recognised accreditations

Apprentices gain in-demand, industry-recognised qualifications that sharpen their expertise and improve outcomes across the business.

Tackling the skills gap

By embedding future-focused learning into our programmes, we're helping employers build a strong, sustainable talent pipeline in key growth sectors.

Unlock more value with additional skills

These professional qualifications are designed to give students a recognised foundation across a range of critical topics. The table below outlines the specific professional courses included within each apprenticeship programme - tailored to meet learning and industry needs.

Apprenticeship	BCS Data Visualisation	BCS Generative AI	BCS AI & The Digital Ecosystem	BCS Foundation Cert: Agile	Microsoft Power BI	CompTIA A+	Cisco CCNA	Cisco IT Essentials	Cisco Intro to Modern AI
Level 3: Data Technician		✓	✓

Level 4: Data Analyst		✓			✓				
Level 4: Digital Product Manager			✓	✓					
Level 4: Network Engineer							✓		✓
Level 4: Software Developer		✓	✓						
Level 4: DevOps Engineer	✓	✓							
Level 5: Data Engineer		✓							

BCS and Microsoft qualifications are delivered over 2 – 4 training days, typically spread across several weeks (for example, one day per week). Apprentices should also expect to complete approximately 30 – 50 hours of independent learning per qualification. This additional learning does not form part of apprenticeship off-the-job training requirements.

CompTIA and Cisco qualifications have the learning fully integrated into the training, so no additional days need to be allocated for these. This additional learning does form part of apprenticeship off-the-job training requirements.

All training, exam preparation and final exams are included.
